Bronze "Me and Thee"
Sculpture by Gail Foiwell,
Claggett-Rey Gallery, Vail,
(970) 476-9350,
claggettrei.com.

WHY I LOVE IT: "By using a unique sculpture in a space, you introduce a special, timeless piece, which adds character, texture and dimension to any room."

Custom leather applications

WHY I LOVE IT: "For our clients in Telluride and Aspen, we love to evoke the wildness and raw beauty of those areas by using leather upholstery on fixed items such as cabinet hardware and stair railings. The natural material is not only soft to the touch, but it also develops a unique patina, becoming more rich and distinctive over time."

ROBYN SCOTT

Onda Felt Rug by Paola Lenti,
Studio Como, Denver, (303) 296-1495,
studiocomo.com.

WHY I LOVE IT: "We love the look and simplicity of these felt rugs—they remind us of high-couture tailoring because they're all hand-assembled and hand-stitched."

WHY I LOVE IT: "I love the juxtaposition of the ruggedness of the wood combined with the slick, clean lines of the metal base—a sculptural art piece that will capture your attention." ▷
